

Advisors Asset Management Inc. (AAM) has been a trusted resource for financial advisors and broker/dealers providing a wide array of investment solutions, financial tools, technologies and industry expertise. AAM offers access to a broad range of open- and closed-end mutual funds, separately managed accounts (SMAs), unit investment trusts (UITs), structured products, the fixed income markets, portfolio analytic services, and now exchange-traded funds (ETFs). AAM utilizes both in-house portfolio management teams and strategic partners in seeking to provide world class solutions that we believe can add value over varied market conditions and investor objectives. For over 35 years, we have cultivated lasting partnerships built on a foundation of trust.

AAM is proud to partner with some of the industry's leading ETF service providers.

S&P Dow Jones Indices

A Division of **S&P Global**

S&P Dow Jones Indices, Index Sponsor

S&P Dow Jones Indices (SP DJI) is the largest global resource for essential index-based concepts, data and research, and home to iconic financial market indicators, such as the S&P 500® and the Dow Jones Industrial Average®. More assets are invested in products based on S&P Dow Jones' indices than products based on indices from any other provider in the world. Since Charles Dow invented the first index in 1884, S&P DJI has become home to over 1,000,000 indices across the spectrum of asset classes that have helped define the way investors measure and trade the markets.

S&P Dow Jones Indices is a division of S&P Global (NYSE: SPGI), which provides essential intelligence for individuals, companies, and governments to make decisions with confidence. For more information, visit www.spdji.com.

The funds' investment objectives, risks, charges and expenses must be considered carefully before investing. Each fund's statutory and summary prospectus contains this and other important information about the investment company, and may be obtained by calling 800.617.0004 or visiting www.aamlive.com. Read it carefully before investing.

Investing involves risk, including the possible loss of principal. Shares of any ETF are bought and sold at market price (not NAV) and may trade at a discount or premium to NAV. Shares are not individually redeemable from the Fund and may be only be acquired or redeemed from the fund in creation units. Brokerage commissions will reduce returns. Companies with high yield or payout ratio may underperform other securities in certain market conditions and reduce or discontinue paying dividends entirely while included in the index. The Fund's return may not match or achieve a high degree of correlation with the return of the underlying Index. To the extent the Fund utilizes a sampling approach, it may experience tracking error to a greater extent than if the Fund had sought to replicate the Index.

S&P 500 Index is an unmanaged market capitalization weighted index used to measure 500 companies chosen for market size, liquidity and industry grouping, among other factors. Dow Jones Industrials Average is a price weighted average of 30 actively traded bluechip stocks. DJIA covers all industries with the exception of transportation and utilities. It is not possible to invest directly in an index.
